DEATH OF COL. MORTON MARYE.

Colonel Morton Marye, first auditor of the state, oldest of the state's public servants, who had been critically ill in Richmond from a prolonged attack of catarrh died in that city at 1:15 this afternoon. He was in his 80th year. The many friends of the colonel in Alexandria and throughout the state will regret to hear of his decease. He was elected by the legislature of 1883 as first auditor and had served continuously ever since. He was elected clerk of the Corporation and Circuit Court of Alexandria in 1869, a position he held until elected first auditor of the state. He was a Confederate veteran, having lost a leg in the war, but won state-wide friendship in meritorious service for many decades. Colonel Marye was captain of the Alexandria Riflemen when they left this city in 1861. This company was known during the civil war as company A, Seventeenth Virginia Infantry, and Capt. Marye subsequently became colonel of the regiment.

POLICE COMMISSIONERS.

Mayor Paff presided at the meeting of the Board of Police Commissioners last night. All the members of the board were present.

A communication was received from the members of the police force asking for an increase of five dollars a month in their salary.

Mayor Paff and Commissioners Barrett, Oehlert and Bryan favored transmitting the communication to the City Council with a request from the commissioners that the prayer of the petitioners be granted.

Commissioner Fisher demurred, stating that he was in favor of increasing the number of policemen at the pay they now receive.

A vote was taken by which the board announced its purpose to send the communication to council with its endorsement.

Chief Goods, who was present, was interrogated concerning certain suggestions in the recent report of the grand jury to the Corporation Court. The chief stated that the recommendations of the grand jury were being observed. He, however, said he saw no reason for an extra man at the station house at present, as suggested by the grand jury. He thought the man could do no more good on the streets than at the station house.

Commissioner Barrett asked the chief why the ordinance requiring the occupants of houses and the owners of vacant lots to remove snow from the sidewalks had not been enforced recently. Chief Goods replied that he was in Pennsylvania on official business when the last snow fell, and upon his return he had noticed no conditions and had given instructions that this ordinance must be enforced in future. The chief declared that persons who fail to comply with the law after they have been warned by the police will be cited to appear before the police court.

Commissioner Oehlert, who was recently elected to succeed himself on the board, qualified by taking the oath of office before Mayor Paff.

NO. 116 GETS THE DOLL HOUSE.

The drawing for the doll house took place at Mr. Edgar Warfield's drugstore last evening and the lucky number is 116. The holder will please report to Mrs. R. S. Barrett, 408 Duke street. The proceeds from the doll house will be invested in fuel for the Children's Home. Through the generosity of W. A. Smoot & Co., who also donated a ton of coal, it was purchased at cost price. The lady managers wish also to thank Mr. Arthur Herbert, who donated a load of wood, and Mr. Edgar Warfield for his kindness in exhibiting the doll house, and for their courtesies. Four little waifs found their way yesterday into the Children's Home, making the family a little larger. The number of children cared for in this institution, averages about twenty. Christmas donations will be gratefully appreciated.

WILL NOT CLOSE MONDAY.

It had for some time been mooted whether the state law forbids the opening of places where liquor is sold on Christmas Day. Commonwealth's Attorney S. G. Brent has stated that the saloons can be opened on Monday, as the law only provides for closing them on Christmas Day.

THE COLD WEATHER.

The cold wave was in evidence again last night, and at an early hour this morning the mercury was down to about 20 degrees. The steamer Southland arrived up from Norfolk nearly two hours late. She encountered the most troublesome ice from Indian Head to this city. The river steamers are still running, although the ice in the creeks of the lower river occasions them much difficulty.

SKATING RINK.

A large crowd, especially of the fair sex was present at the reopening of the skating rink at Armory Hall last night under the new management of Cole & Wheatley. Extensive improvements are being made in the interior of the armory and the floor is in excellent condition for those who wish to spend a pleasant evening with many of the best people of Alexandria.

St. Paul's Church calendars have been placed on sale in all the drug stores.

Air of stay at home comfortable. "ERS is what he wants." Large beautiful designs. Comfortable "Cut Prices." J. A. Marshall, 422 King street.
